Subject RAPA - Final HPV Report for CAS 27676-62-6 (with robust summary of OECD 414 test)

PLEASE DISREGARD EARLIER SUBMISSION:

The American Chemistry Council's Rubber and Plastic Additives (RAPA) Panel is pleased to submit a final report for CAS 27676-62-6, as part of its commitment to the U.S. High Production Volume (HPV) Challenge Program.

The Panel conducted an OECD 414 developmental toxicity/teratogenicity study on this chemical and has prepared the attached robust summary.

With the submission of this category report and additional robust summary, the Panel has completed its commitment to the U.S. HPV Challenge Program for this chemical. If you have any questions, please contact me by phone at 703-741-5631 or by e-mail at john_morris@americanchemistry.com

Regards,

John Morris
Panel Manager
